

Penlink is a supplier of electro-mechanical components and servo systems for the automation industry and is based in Stockholm Sweden. Since 2016, Penlink is part of Addtech.

We here at Penlink are committed to minimizing the impact of our activities on the environment. *The key points of our strategy to achieve this are:*

1. Minimizing toxic emissions through the selection and use of suitable suppliers within logistics and transportation.
2. Minimize our energy consumption by monitoring and analyzing our energy consuming processes.
3. Actively promote solutions with less environmental impact to our customers.
4. Meet or exceed all the environmental legislation that relates to Penlink.
5. Use the environmental aspects of our company and, to drive the continuous improvements of our environmental management systems.
