

## Environmental Policy

Penlink is a supplier of electro-mechanical components, electro-optics, and servo systems for a broad range of industries, and is based in Stockholm Sweden. Since 2016, Penlink is part of Addtech.

### Our Commitment

We here at Penlink are committed to minimizing the impact of our activities on the environment. The key points of our strategy to achieve this are:

1. Counteract global warming and reduce our impact on the climate.
2. Reduce our use of resources – mainly energy and materials.
3. Actively participate in the development of new technique for climate adaptation and protecting ecosystem and biodiversity.
4. Actively promote solutions with less environmental impact to our customers.
5. Meet or exceed all the environmental legislation that relates to Penlink.
6. Use the environmental aspects of our company and, to drive the continuous improvements of our environmental managment systems.
